

## GT3's Managed Reservation Service (MRS) puts you in the driver's seat!

Using state-of-the-art technology designed specifically for the ground transportation industry, MRS is a one-stop e-commerce solution for managing all aspects of your worldwide executive sedan/ASAP car service program. Combined with a 24x7x365 Call Center, MRS provides a single interface for managing all transactions — from procurement to payment — including GDS bookings through Travel Agencies, as well as local and national vendors.

MRS provides companies of all sizes the ability to completely out source the management of their car service program. This benefit eliminates cost inefficiencies that result from erratic dispatching, vehicle quality, the absence of detailed expenditure reports and fiscal errors or abuse.

The screenshot shows the MRS Online Reservations web interface. At the top, there is a navigation bar with links for home, report problem, help center, your account, and sign out. Below this, there are buttons for 'new reservation' and 'rapid quote'. The user is logged in as 'Jack Q Public' with a corporate account, and the selected view is 'myself'. The date and time are 05/21/2002 02:57 pm, and the phone number is 201-398-1350.

Below the navigation, there is a 'Welcome' message: 'Welcome Jack! Thank you for using MRS Online.' To the right, there is a message: 'Delays of 30 minutes throughout Manhattan due to the being President in town.'

The main section is titled 'Reservations' and includes a filter for 'active'. Below this is a table of reservations:

Function	Res #	Date	Time	Passenger	Pickup	Destination	Car #	ETA(mn)	Status
BRN	20020013807	05/18/02	02:05pm	Q Public, Jack	Newark Intern...	25 Raven Ave...			
BRN	20020013898	05/18/02	02:10pm	Q Public, Jack	25 Raven Avenue...	Newark Intern...			
BRN	20020014027	05/18/02	10:56am	Q Public, Jack	25 Raven Ave...	Los Angeles In...			
BRN	20020014031	05/18/02	01:05pm	Smith, Sam	100 Main Stree..	175 Deal Stree..			
BRN	20020014032	05/18/02	01:05pm	Doe, John	Newark Intern...	545 Chicago Ave			

Below the table, there is a 'View/Manage' section with links for templates, addresses, vouchers, and my agents. It shows two templates:

Function	Template Name	Passenger	Pickup	Destination
create	HomeToNewarkAir	Q Public, Jack	25, Raven Avenue, Piscataway	BWR - Newark, NJ
create	NewarkAirToHome	Q Public, Jack	BWR - Newark, NJ	25 Raven Ave, Piscataway

At the bottom, there is a copyright notice: 'Copyright 2003 GT3, Inc. All rights reserved.'

MRS provides real-time, online, management and reporting at all levels, previously unattainable in the current ground transportation multi-vendor/multi-city operating environment.

GT3 is the first and only vendor-neutral infrastructure to use technology to deliver a one-stop, online industry-wide reservations and confirmation system.

From procurement to payment — MRS provides a single interface for managing all your ground transportation needs!

- Increase savings by nearly 10% -
